

REAL PROPERTY AND ASSET MANAGEMENT

The Department of Homeland Security, Office of the Chief Readiness Support Officer (OCRSO) is the delegated authority for management and oversight of the \$30B portfolio of real property assets with an annual budget of over \$5 Billion dollars. The Department's Real Property program is an enterprise management organization consisting of operational and support components. The Department's Senior Real Property Officer is the Chief Readiness Support Officer who has oversight over all real property assets under the custody, control and accountability of Component Senior Real Property Officers. Pathfinder provides Real Property and Asset Management support for OCRSO.
